EGGER Safety Guide for Wood Delivery Drivers

Lexington Site, May 2020

On-Site Safety Rules

Failure to comply with the rules for drivers will lead to immediate expulsion from the company premises. If the property of EGGER Group is damaged or impaired, the company reserves the right to recoup damages from the person responsible.

Speed limit while on-site is **10 mph**. Trucks must have flashers on at all times while on-site.

Drivers are only allowed out of their vehicles at the gate area and wood yard areas.

Drivers must wear the following OSHA approved Personal Protective Equipment (PPE) at all times:

- Hard Hat
- Safety Toed Shoes
- Hi-Viz Vest
- Safety glasses

Tobacco use is strictly prohibited.

The use of mobile phones is only allowed in office areas or when the truck is not in operation.

Photography is strictly prohibited.

Drivers must obey all posted safety signs.

Pedestrians always have the right of way.

Drivers are not allowed to touch or operate any equipment, or machinery for which they have not received Egger specific training.

In the event of emergency, driver must report to the nearest "Take Cover" or "Assembly" location.

First Aid stations are located throughout the facility. They are marked accordingly for easy identification.

Report any property damage or safety concerns to the wood sampling area immediately.
